Burial Vaults for Caskets

A Burial Vault provides a secure environment for the casket. Such outer containers are required at some cemeteries as the placement of a vault or crypt within a grave site reduces settling of the grave substantially. The Funeral Director will let you know if this is a requirement at the cemetery in question.

Name and Description	Manufacturer	Price
Venetian Vault High strength concrete with high impact Plastic and a reinforced cover and base, sealed with all-weather Butyl superglue	Century	\$1,825.00

Burial Vaults for Urns

This provides a secure environment for the urn. It also allows for placement of mementos within the urn vault. Such outer containers are required at some cemeteries as the placement of a vault or crypt within a grave site reduces settling of the grave substantially. The Funeral Director will let you know if this is a requirement at the cemetery in question.
