“ How great it was to see the comment and pic from Garry Poplawski. I remember hanging out in the wood shed every chance I got to listen to the band practice. Those are the memories I treasure the most when I was living at my grandparents and Brian and Alan.

As I mentioned before - I hope he's flying around up there somewhere with unlimited Wi-Fi.

“ Alan was my best friend from our junior years and on throughout our teens. We did almost everything together. Alan was very mechanically inclined and helped me hone my own skills at fixing things. We spent many busy hours in the shed out back of the Rust's family home on Grenfell Avenue in Hamilton. He learned to play the bass guitar and was a lot of fun to play with in our band Body and Soul. I really missed him after he joined the Air Force, as we seldom met after that. I recently tried to contact him through Facebook and by phone, as I am planning a trip to BC later this month and was really looking forward to meeting up with him. I'm heartbroken that I will not have the pleasure of seeing him again. RIP old friend.
