“ So many memories it is difficult to pick one, boating was always a challenge...especially with 7 year old gas/water mixture stranded miles up the river. Or meeting for lunches in Alma, really it was an excuse to cruise a different neighborhood and see what goodies Mennonites were getting rid of. Maybe a Mexico trip, good thing he had a million and a half peso's to loan me that trip. Motorhomes and motorcycles it didn't matter he was into it or game to try. I carry many memories and am a better person for knowing him.

Thank You AJ

“ I met Ron through his dad at the TH&B Railroad and also bowled with Ron and Gerry at the Skyway Lanes for many years. We became his tenants on Hess Street for a number of years. Greta invited us for many dinners and we certainly had lots of laughs at Ron's expense. We will never forget the great times we had, Ron's wonderful sense of humour, his kindness and most important his heart of gold. We will miss you and always love you ~ Sheryl and Rick Stacey.

“ I will never forget the first time I met Dr. Ron 24 years ago. It was Christmas Eve and he opened the door on Abel Avenue and he literally picked me up and said "You must be Donna" He was so big, strong and amazing right from our first introduction. Throughout the years it was always a pleasure to sit and converse with him. He was worldly, funny and kind all at the same time. We will forever cherish the "chicks and hens" from his garden. Rest in Peace Sweet Man. We will miss you ~ Allan and Donna Warring

“ Ron as your son-in-law I quickly learned that if I left a tool at your place, the next time I was at your place you had your name on it in black magic marker or an address label on it. Hope they have markers and a label maker in your travels. Until we meet again - Henry

“ Hello dad: you have given me a life full of pleasure, special times, and beautiful memories. I know I am the apple that has not fallen far from your tree - and I am proud to be able to say that and have the privilege of being your daughter. To my family and friends - I know that everyone has a story about my father and would love it if you would each post one on this tribute wall for me. Take care dad - see you in the next place.
