“ Lorna was a wonderful friend & mentor. In the 70's, we got to know one another through the Halton Teachers' Negotiation Team. She was a special spirit....always a smile and a great sense of humour. plus wise & knowledgeable. Since moving to the states in the early 90's, I had only seen her sporadically but always had many pleasant memories of our times together. My sympathy to her sons & family.

“ I was privileged to share an office with Lorna for a number of years at the Halton Board office and my lasting memory of her is her constant smiles and her hearty laughter! She was an expert in special education and she shared her knowledge and ideas with many people beyond the borders of Halton. Her life made a difference to many people!
